

Consolidate Log In Instructions.

If you have several roles on the system and would like to consolidate your logons please do the following:

1) Log in to gs.affinitysoccer.com or if you are accustomed to logging into your league URL, please do so with any username and password you have on the system. The system will connect you to your league regardless of the site you entered.

2) Click the MY Account button in the top left hand corner.

3) There will be a sub link “consolidate Logins” please click here.

4) You will see three columns, Username / Password / URL

5) Please Input a username and password for one of your roles. For example Kim Bowen – she will enter her Association username and password and the URL that she logs into (gs.affinitysoccer.com).

**We recommend that you consolidate from the main GS URL:
<http://gs.affinitysoccer.com>

6) Then click Verified button. If system “grays out” this row then you have successfully added the first consolidation.

7) On the next row Kim Bowen would enter her League Registrar username and password and the URL then click verified.

8) On the next row Kim Bowen would enter her Team Manager Username, password, and the URL then click verified.

9) On the next row Kim Bowen would enter her Age Group Coordinator username, password, and the URL (<http://gs-gysaathenaspr07.sportsaffinity.com/tour/>) then click verified.

10) There is no limit as too the number of roles you can consolidate. Once all logons have been entered, please log out and then log back in.

You will now have a drop down under MY ACCOUNT listing all of your various logs in and can easily change from one role to another without having to sign off the system. You can use any username/password that has been created to log in and this will provide you access to the Consolidated Log in Drop Down.
