CLUB PASS PLAYER ASSIGNMENT

INSTRUCTIONS

To assign a CLUB PASS player to a specific game day roster list in the Georgia Youth Soccer Association Gaming/Scheduling system please follow the steps outlined below to initiate the assignment.

The current coach of record must be the coach that initiates and assigns the player to the team his / her player will participate with using the club pass system in any upcoming GYSA game.

This means that the coach wishing to use a player for club pass participation must contact the manager or coach of the team the player is rostered to in a timely fashion.

Please log into the site either on your league / club URL website or the GA Soccer website – gs.affinitysoccer.com

SERVER BASED ENVIROMENTS, NO WWW. NEEDED IN ADDRESS

[STEP 1]

1. From the Online System – **[Click]** on **Tournament** located in the top navigation area and login. You will be under the “My Account” page settings. If you are properly assigned to a team and have a user name and a password, you will have a link to all teams that you are registered to.

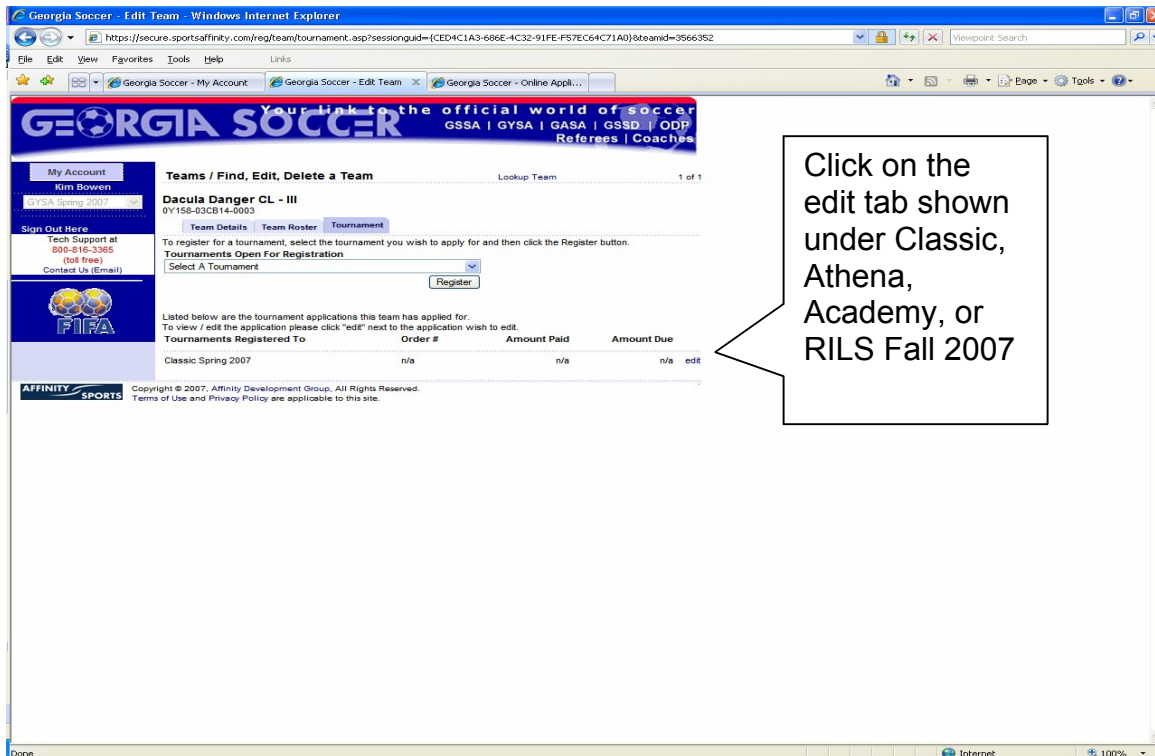

The screenshot shows the Georgia Soccer website's "My Account" page. The user is logged in as Kim Bowen. The page displays various sections including "My Info", "Family Members", "Registration Applications", "Teams", "Tournament Applications / Game Scoring", and "Event Registration". A callout box with a rounded rectangle highlights the "Edit, Tournament, Player offer" link in the "Teams" section.

Player	Team Assigned To	Game	Status
No Player of this team is Assigned to other teams.			

Note: On this page, the system will keep track of all assignments for particular players and it will also keep track of any players that were assigned to your team during the season.

Receiving teams must activate / accept this player onto the lineup sheet. Click the edit button next to the team name (right in front of the Schedules / Game Scoring tab), Click player roster tab, and place a check mark next to the “club pass players name” and click the Set Active Players tab at the bottom of the page. You may activate and inactivate players on this screen. Should the addition of a club pass player to your game day roster put your roster over the maximum number of players allowed by GYSA Rules, for your age group, you will need to deactivate additional players in order for your game day lineup sheet to print up to 18 active players for an upcoming game.

After the assignment has been completed, the assigned player will show up on the game roster for that specific game labeled (**DEV**) and will be available to be added into the D&P items of any game day incidences that might occur during his/her participation with another team.
