

**League Registrars** - To add blackout dates to teams that have already been declared for scheduling, please follow the below instructions.

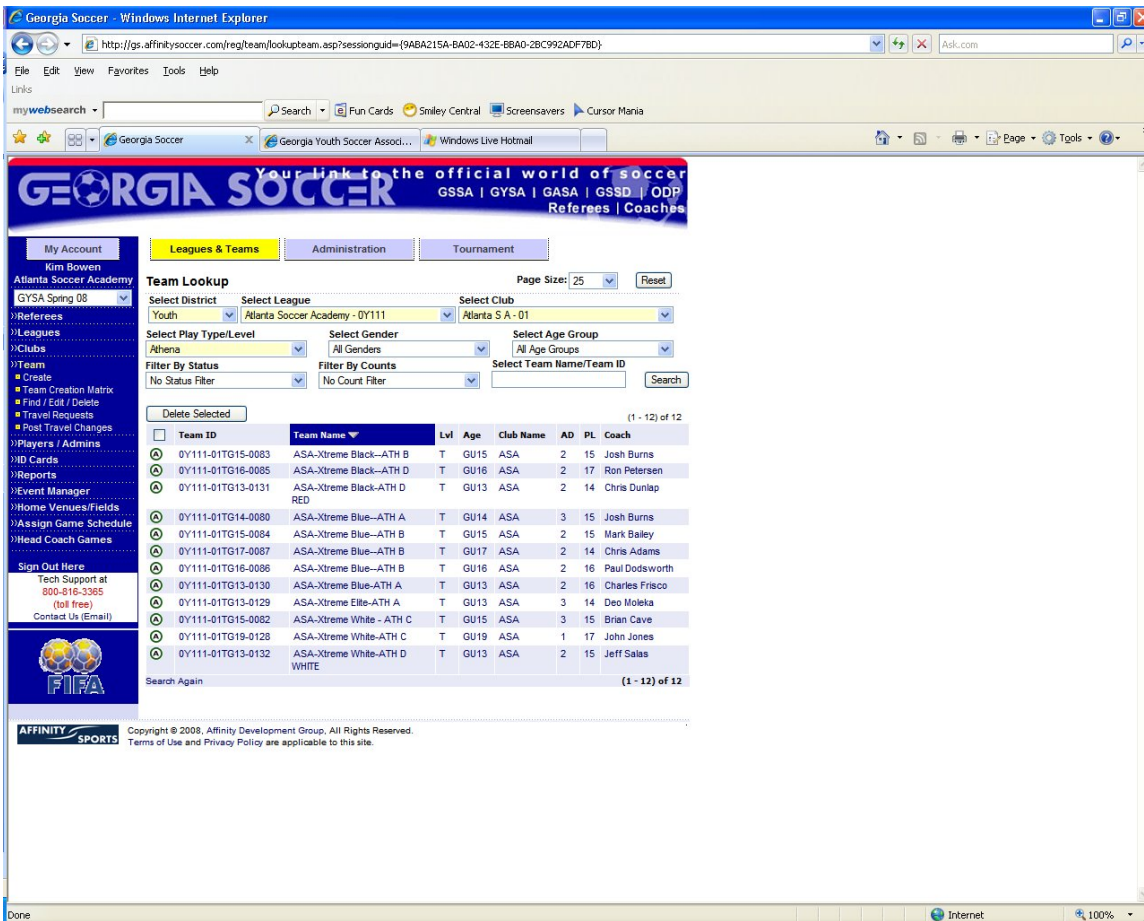

Login to the ADG system using your league registrar login.

Make sure that the GYSA Spring 08 season is shown in the dropdown box that appears under your login name to the upper left of the page.

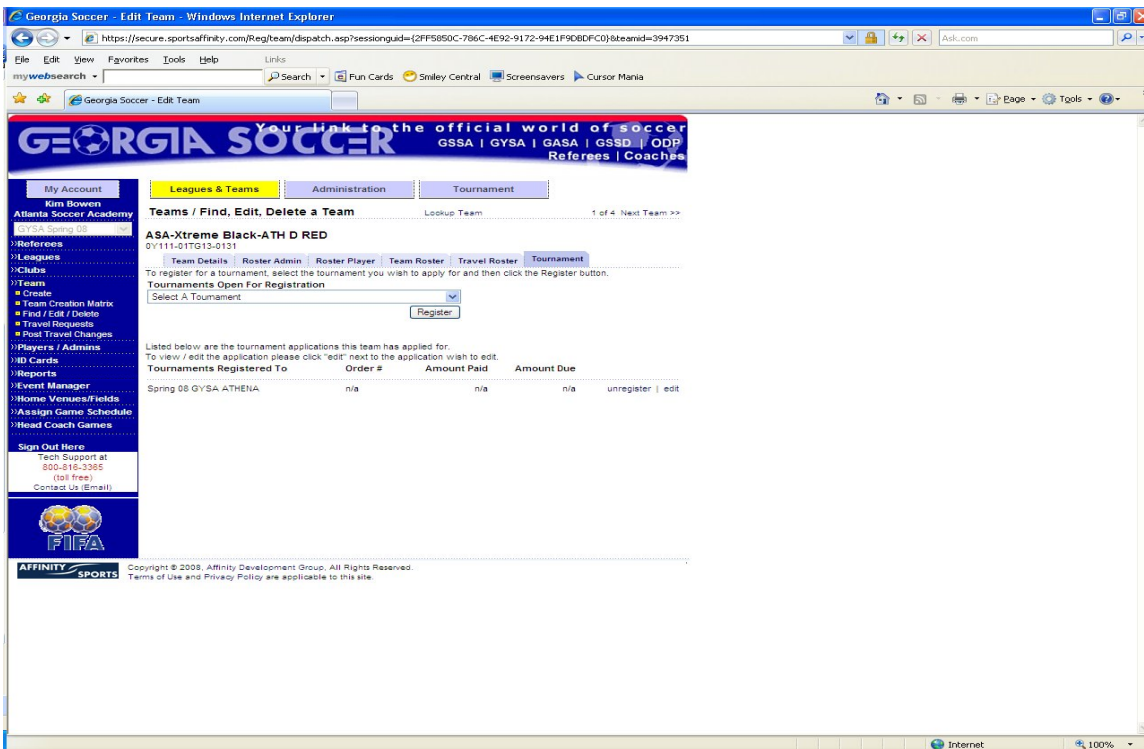

Select the teams tab on the left navigation toolbar. You can search teams by division / play level, by age group, and or by gender. You can also leave the search criteria blank and search all teams at once. If you operate a multiple clubs, you will need to identify the club that you wish to search, i.e. rec. vs. select, vs. academy, etc.

Once you click the search button, based on your search criteria, a list of those teams will populate the next window (see screen shot below)

Select a team. If the team has already been declared, the following screen will appear –

Click the edit button to the far right of the scheduling season definition.

The following TEAM INFO page will open

Georgia Soccer - Team Info - Windows Internet Explorer

Use the calendar icon to select blackout dates. You can add home blackout dates, away game blackout dates or you can select home and away black out dates for the same day which is a full blackout for that date. Once the date is selected, click the "Add a date" tab just to the right of the calendar icon.

Fill in preferred game days if necessary and also complete the preferred game times; Morning vs. Afternoon.

If no other information is needed on this page, click the save button to the bottom right.
